### DETAILED ACTION

1. Claims 1 – 18 are pending.

#### ***Continued Examination Under 37 CFR 1.114***

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11 February 2008 has been entered.

#### ***Response to Arguments***

3. Applicant's arguments, see pages 6 – 9, filed 18 December 2007, with respect to claims 1 and 11 have been fully considered and are persuasive. The rejection of the claims has been withdrawn.

#### ***Allowable Subject Matter***

4. Claims 1 – 18 are allowed.
5. The following is an examiner's statement of reasons for allowance:

Claims 1 – 18 are allowed because the prior art of record fails to teach or suggest alone or in combination ***a packet encoding device, which generates at least one network packet having a plurality of data sections, at least some data***

***sections of a same network packet corresponding to the local electrical signals received by different ones of the first interfaces destined for different remote computers***, as required by independent claims 1 and 11, ***in combination with the other recited claim limitations*** (emphasis added). The limitation is supported on Page 6 Paragraph 1, Page 7 Paragraphs 1 and 3, and Figure 3 of the originally filed specification. The prior art of record teaches a KVM switch where both local and remote computers share remote and local manipulating devices through the exchange of packets, but does not teach wherein the packets have a plurality of data sections, at least some data sections of the packet corresponding to the local electrical signals received by the first interfaces destined for different remote computers, as required by independent claims 1 and 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
